

$\langle \text{algorithm} \rangle ::= \langle \text{indicator} \rangle [\langle \text{item_property} \rangle] \langle \text{item} \rangle [\langle \text{conditions} \rangle] \langle \text{collection} \rangle$

What is the **<indicator>** of the **<item_property>** of **<item>** where **<conditional>** in **<collection>** ?

What is the **sum** of the **age** of those **students** whose **gender is male** in the **class** ?
